

DFW Labrador Retriever Rescue Club, Inc. *Owner Surrender Application*

This application is only the first step in the process of having your Labrador considered by our Director of Incoming. The surrender process can take several weeks and generally will not happen overnight. This application is for consideration of your Labrador Retriever into our program, not a commitment of acceptance.

Important Considerations:

- A completed surrender form does not obligate DFWLRRC to take your pet.
- Aggressive dogs will **NOT** be considered.
- DFWLRRC may request a minimum fee of \$100 from individuals wishing to surrender their pet in order to help with the initial care and VETTING.
- DFWLRRC does not have a shelter or other facility. Therefore, immediate surrenders are unlikely. Our ability to rescue and take in Labradors is dependent on the number of available foster homes.

The surrender application is intended to provide general information about the Labrador you wish to surrender to DFWLRRC. When completing the application, please be completely frank as it helps DFWLRRC volunteers to properly place your Labrador in another home. Negative behaviors, other than aggression, do not mean we will not accept your dog into the program. What you perceive as negative may be typical Lab behavior.

The incoming team cannot consider with your surrender request without this application. If you have concerns or questions about this application, please email them to surrender@dfwlabrescue.org. You must include a contact phone number.

Once you submit your surrender application, a volunteer member of our incoming team will contact you, by email or by phone. **This may take 7 to 14 business days.** Depending on the number of Labradors in the program, we may not be able to take your dog immediately. Thank you for your understanding and patience. DFW LAB RESCUE IS 100% VOLUNTEER BASED.

If you are wanting to surrender a dog that you have found, please include the date that you found the dog, the location, any/all attempts to contact the owner, and if you have reported the dog with your local shelter.

Anyone interested, including friends and family, will be directed to fill out an application with DFWLRRRC.
